

SOLENOID VALVE

1-PC DESIGN (NORMALLY CLOSE)

Brand: **uniD**

SPECIFICATIONS

Product: Solenoid Valve

Design: 1-PC Design

Operation: Normally Close

Connection: Flanged

Brand: Uni-D

KEY FEATURES

- Electromagnetic valve operation
- Normally closed design for controlled flow
- Compact 1-piece construction
- Flanged connection for secure installation
- Suitable for automated fluid control systems

APPLICATIONS

Water
Systems

Industrial
Piping

Automation
Systems

General
Fluid Control

PINOLEAKPES
NO LEAK BETWEEN THE PIPES

Engineered for **Performance**.
Built for **Reliability**.
