

ENGINEERING EXCELLENCE.  
WORLDWIDE TRUST.

# 2" (50mm) BRONZE ANGLE VALVE

THREADED, 150 PSI

MODEL AKCA

## RELIABLE PERFORMANCE. BUILT TO LAST.

KITZ bronze valves are designed for durability and long service life in a wide range of applications. Trusted worldwide for quality and performance.

### DURABLE

High quality bronze construction

### RELIABLE

Rated for 150 PSI working pressure

### EASY MAINTENANCE

Simple design for easy installation and maintenance

## FEATURES

- Bronze body for excellent corrosion resistance
- Angle pattern for space-saving installation
- Threaded connections for easy installation
- Suitable for water, oil, gas, and general non-corrosive services
- Maximum Working Pressure: 150 PSI (10.3 bar)

## APPLICATIONS

WATER  
SYSTEMS

OIL  
SYSTEMS

GAS  
SYSTEMS

GENERAL  
INDUSTRIAL

## CERTIFICATIONS
