

2" x 1" DUCTILE IRON SADDLE CLAMP FOR PVC

BLUE

BUILT FOR STRENGTH. ENGINEERED TO LAST.

CMI Ductile Iron Saddle Clamp for PVC is designed to provide a secure branch connection on PVC pipes. Manufactured from high-quality ductile iron with a durable blue epoxy coating, it ensures excellent strength, leak-tight performance, and long service life in demanding applications.

PREMIUM QUALITY

Made from high-grade ductile iron for superior strength and durability.

SECURE & LEAK-TIGHT

Provides a strong and leak-proof connection for PVC pipes.

EASY INSTALLATION

Simple to install with standard tools and fewer components.

CORROSION RESISTANT

Blue epoxy coating offers excellent protection against rust and corrosion.

WIDE COMPATIBILITY

Designed specifically for PVC pipes for reliable and long-lasting performance.

APPLICATIONS

WATER SUPPLY
SYSTEMS

COMMERCIAL
BUILDINGS

INDUSTRIAL
PIPING

RESIDENTIAL
PLUMBING

IRRIGATION
SYSTEMS

FEATURES

- Designed for branch connection on PVC pipes
- High strength ductile iron construction
- Blue epoxy coated for corrosion resistance
- Leak-tight and secure performance
- Easy and fast installation
- Suitable for potable water and general piping systems

SPECIFICATIONS

Product	Ductile Iron Saddle Clamp for PVC
Size	2" x 1"
Main Pipe Size	2 Inch (DN50 / 60mm OD PVC Pipe)
Outlet Size	1 Inch (DN25) Female Thread
Material	Ductile Iron (ASTM A536)
Coating	Blue Epoxy Coating
Bolts & Nuts	Carbon Steel, Zinc Plated
Application	For branch connection on PVC pipes (Potable Water and General Piping Systems)
Color	Blue

MATERIAL SPECIFICATION

PART	MATERIAL
Body	Ductile Iron (ASTM A536)
Bolts & Nuts	Carbon Steel, Zinc Plated
Coating	Blue Epoxy (Min. 250 microns)

QUALITY YOU CAN TRUST.
Products engineered for safety,
built for performance.
